 Teaching With Poverty In Mind
 In Teaching with Poverty in Mind: What Being Poor Does to Kids' Brains and What Schools Can Do About It, veteran educator and brain expert Eric Jensen takes an unflinching look at how poverty hurts children, families, and communities across the United States and demonstrates how schools can improve the academic achievement and life readiness of economically disadvantaged students.
 Teaching with Poverty in Mind: What Being Poor Does to ...
 Teaching with poverty in mind is a small book with a huge scope and a lot of heart. It explores what poverty is, how it affects academic performance, the mindset we (teachers) need to embrace for change, how schools and teachers should adapt for these kind of students and then walks the reader through the new paradigm by outlining a typical class.
