Forty-Two Etudes Or Caprices for the Violin Independently Published

Written by a composer and a musician, The Contemporary Violin offers a unique menu of avant-garde musical possibilities that both performers and composers will enjoy exploring. Allen and Patricia Strange's comprehensive study critically examines extended performance techniques found in the violin literature of the latter half of the twentieth century. Drawing from both published and private manuscripts, the authors present extended performance options for the acoustic, modified, electric, and MIDI violin, with signal processing and computer-related techniques, and include more than 400 notated examples. The authors begin with bowing techniques and proceed systematically through other aspects of string playing, including MIDI technologies. Their correspondence and research with many performers and composers, the book's extensive score and text bibliography, and the discography of more than 130 recordings make The Contemporary Violin a valuable contemporary music reference and guide. An additional benefit is its listing of Internet resources that will keep the reader up to date with recent developments in contemporary performance and composition. First published by UC Press, 2001.

Nursery Songs at the Piano Alfred Music

Enth. S.1 - 29: The violin and bow - origins and development /

John Dilworth

Etudes and Caprices, Op. 35 Alfred Music

"In a brief moment in time, Michael Rabin left an indelible impression on the world of classical music. His few recordings survive on the Columbia, EMI, and Angel labels, and he holds the distinction of recording, at age twenty-two, all the Paganini caprices, in the process setting the standard by which subsequent violinists would be judged."--BOOK JACKET.

The Cambridge Companion to the Violin Oxford University Press, USA

The studies for viola by Franz Anton Hoffmeister (1754-1812) can be considered as one of the most important works written for viola players in this period nearly to the 19th century. This urtext edition is made from a complicated source, it is a facsimile of the first edition of the twelve studies that are divided into two books, therefore, this version tries to get as close as possible to the real intentions of Hoffmeister to provide interpretation opportunities to both professional and amateur musicians in a clear and spacious manner, also presents a musical text that is not limited by the philosophy of over-publishing of the 19th century. Convenient page turns for individual study and some parenthetical suggestions for slurs, dynamics and tempo have been offered by the editor. Los estudios para viola de Franz Anton Hoffmeister (1754-1812) pueden ser considerado como una de las obras más importantes hecha para los ejecutantes de viola en este período cercano al siglo XIX. La presente edición urtext está realizada a partir de una fuente complicada, se trata de un facsímil de la primera edición de los doce estudios que están dividido en dos libros, por lo tanto, esta versión trata de acercarse lo más posible a las intenciones reales de Hoffmeister para brindar oportunidades de interpretación tanto a músicos profesionales como aficionados de una manera clara y espacios, además presenta un texto musical que no está limitado por la filosofía de sobreedición del siglo XIX. Se han proporcionado pases de páginas cómodas para el estudio individual y algunas sugerencias entre paréntesis de ligaduras, matices y de tempo por el editor.

Sixty Studies for the Violin Alfred Music

Symphonie Espagnole, Op. 21 Hal Leonard Corporation
Classic, two-volume book of exercises has served generations of beginning violinists and their teachers. Studies provide practice in string crossing, bow strokes, shifting from first to third positions, and finger patterns.

Suzuki Violin School - Volume 3 (Revised) Scarecrow Press

Nearly a century after its initial publication, Carl Flesch's Scale System remains one of the foremost scale books for violin. This comprehensive collection of exercises features the 24 major and minor scales, with emphasis on both double-stops and arpeggios. With Flesch's exercises, the intermediate player will progressively master intonation, shifting, rhythm, string crossing, bow speed and pressure, and tone production. Initially published as a supplement to Book 1 of *The Art of Violin Playing*, Flesch's Scale System has become the principal scale study for serious violinists. Carl Flesch (1873-1944) was born in Hungary and began playing the violin at age seven. He was a famous chamber musician, instructor, and solo performer, who mastered repertoire ranging from Baroque to contemporary works.

Scale System Allegro Editions

Until comparatively recent times very little had been written for the viola as a solo instrument. Our contemporary composers have done a great deal to remedy this situation. Bax, Beresowsky, Bliss, Bloch, Delius, Hindemith, Honegger, Milhaud, Vaughan Williams, Walton and many others have contributed important sonatas, suites and concertos for the viola. Many new works are constantly being added. This new literature has placed new demands upon the violist, who in the past found a place only as an orchestra or chamber music player. Higher standards of technical perfection are required. It therefore occurred to me that the "Scalesystem" published by the eminent pedagogue and violinist Carl Flesch, regarded as a standard work by violinists the world over, would be equally valuable to violists if translated into their medium. I have undertaken this task with the encouragement of Professor Carl Flesch. The publishers and I hope that it will be found useful by performers and teachers of the viola. Charlotte Karman New York October 1941
