BESTSELLER Nominated for the NAACP Image Award for Outstanding Literary Work Named a Best Book of the Year by The Root Chosen by Emma Straub as a Best New Celebrity Memoir "A book of essays as raw and honest as anyone has ever produced." — Lena Dunham, Lenny Letter In the spirit of Amy Poehler's Yes Please, Lena Dunham's Not That Kind of Girl, and Roxane Gay's

Bad Feminist, a powerful collection of essays about gender, sexuality, race, beauty, Hollywood, and what it means to be a modern woman. One month before the release of the highly anticipated film *The Birth of a Nation*, actress Gabrielle Union shook the world with a vulnerable and impassioned editorial in which she urged our society to have compassion for victims of sexual violence. In the wake of rape allegations made against director and actor Nate Parker, Union—a forty-four-year-old actress who launched her career with roles in iconic '90s movies—instantly became the insightful, outspoken actress that Hollywood has been desperately awaiting. With honesty and heartbreaking wisdom, she revealed her own trauma as a victim of sexual assault: "It is for you that I am speaking. This is real. We are real." In this moving collection of thought provoking essays infused with her unique wisdom and deep humor, Union uses that same fearlessness to tell astonishingly personal and true stories about power, color, gender, feminism, and fame. Union tackles a range of

experiences, including bullying, beauty standards, and competition between women in Hollywood, growing up in white California suburbia and then spending summers with her black relatives in Nebraska, coping with crushes, puberty, and the divorce of her parents. Genuine and perceptive, Union bravely lays herself bare, uncovering a complex and courageous life of self-doubt and self-discovery with incredible poise and brutal honesty. Throughout, she compels us to be ethical and empathetic, and reminds us of the importance of confidence, self-awareness, and the power of sharing truth, laughter, and support.

This novel explores one of the most astonishing stories in the whole history of twentieth century terrorism. Colonel Rejas was the policeman charged with the task of

capturing the Peruvian guerrilla leader Ezequiel, but having been dismissed he finds the burden of silence and secrecy too heavy. On meeting Dyer, a foreign correspondent, he is moved to relate the tortuous progress of the manhunt for the first time. *The Dancer Upstairs* is a story reminiscent of Graham Greene and John le Carré - tense, intricate and heartbreaking.

An absorbing portrait of a groundbreaking Black woman filmmaker.

Kathleen Collins (1942-88) was a visionary and influential Black filmmaker. Beginning with her short film *The Cruz Brothers* and *Miss Malloy* and her feature film *Losing Ground*, Collins explored new dimensions of what narrative film could and should do.

However, her achievements in filmmaking were part of a greater life project. In this critically imaginative study of Collins, L.H. Stallings narrates how Collins, as a Black woman writer and filmmaker, sought to change the definition of life and living. *The Afterlives of Kathleen Collins: A Black Woman Filmmaker's Search for New Life* explores the global significance and futurist implications of filmmaker and writer Kathleen Collins. In addition to her two films, Stallings examines the broad and expansive and varying forms of writing produced by Collins

during her short life time. The *Afterlives of Kathleen Collins* showcases how Collins used filmmaking, writing, and teaching to assert herself as a poly-creative dedicated to asking and answering difficult philosophical questions about human being and living.

Interrogating the ideological foundation of life-writing and cinematic life-writing as they intersect with race and gender, Stallings intervenes on the delimited concepts of life and Black being that impeded wider access, distribution, and production of Collins's personal, cinematic, literary, and theatrical works. The *Afterlives of Kathleen Collins* definitively emphasizes the evolution of film and film studies that Collins makes possible for current and future generations of filmmakers.

In this volume of 15 articles, contributors from a wide range of disciplines present their analyses of Disney movies and Disney

music, which are mainstays of popular culture. The power of the Disney brand has heightened the need for academics to question whether Disney's films and music function as a tool of the Western elite that shapes the views of those less empowered. Given its global reach, how the Walt Disney Company handles the role of race, gender, and sexuality in social structural inequality merits serious reflection according to a number of the articles in the volume. On the other hand, other authors argue that Disney productions can help individuals cope with difficult situations or embrace progressive thinking. The different approaches to the assessment of Disney films as cultural artifacts also vary according to the theoretical perspectives guiding the interpretation

of both overt and latent symbolic meaning in the movies. The authors of the 15 articles encourage readers to engage with the material, showcasing a variety of views about the good, the bad, and the best way forward.
