## LAYLA GRETCHEN

Losing My Virginity National Geographic Books

From the award-winning author of *Altered Carbon* and *Broken Angels*—a turbocharged new thriller set in a world where killers are stars, media is mass entertainment, and freedom is a dangerous proposition . . . A coup in Cambodia. Guns to Guatemala. For the men and women of Shorn Associates, opportunity is calling. In the superheated global village of the near future, big money is made by finding the right little war and supporting one side against the other—in exchange for a share of the spoils. To succeed, Shorn uses a new kind of corporate gladiator: sharp-suited, hard-driving gunslingers who operate armored vehicles and follow a Samurai code. And Chris Faulkner is just the man for the job. He fought his way out of London's zone of destitution. And his kills are making him famous. But unlike his best friend and competitor at Shorn, Faulkner has a side that outsiders cannot see: the side his wife is trying to salvage, that another woman—a porn star turned TV news reporter—is trying to exploit. Steeped in blood, eyed by common criminals looking for a shot at fame, Faulkner is living on borrowed time. Until he's given one last shot at getting out alive. . . .

*Let's Not Screw It, Let's Just Do It* Penguin  
For the last 50 years, drug prohibition laws have put the market for illegal drugs into the hands of organised criminals. Now, it's time to take control. Ending the failed war on drugs will reduce drug-related violence, tackle organised crime, end the needless criminalisation of millions, and will halt the drain on government funds and resources. In this book, global opinion-leaders on the frontline of the drug debate describe their experiences and perspectives on what needs to be done. Highlighting the pitfalls behind drug policy to-date and bringing to light new policies and approaches, which make a clear case for galvanizing governments to end the war on drugs -

once and for all.

Under New Management Crown

Focusing on twenty major obstacles to effective time management, a guide to using time well offers practical solutions to the problem.

Building the Kingdom Through Business National Geographic Books

Wall Street Journal Bestseller "The pick of 2014's management books." -Andrew Hill, Financial Times "One of the top business books of the year." -Harvey Schacter, The Globe and Mail Bestselling author, Robert Sutton and Stanford colleague, Huggy Rao tackle a challenge that determines every organization's success: how to scale up farther, faster, and more effectively as an organization grows. Sutton and Rao have devoted much of the last decade to uncovering what it takes to build and uncover pockets of exemplary performance, to help spread them, and to keep recharging organizations with ever better work practices. Drawing on inside accounts and case studies and academic research from a wealth of industries-- including start-ups, pharmaceuticals, airlines, retail, financial services, high-tech, education, non-profits, government, and healthcare-- Sutton and Rao identify the key scaling challenges that confront every organization. They tackle the difficult trade-offs that organizations must make between whether to encourage individualized approaches tailored to local needs or to replicate the same practices and customs as an organization or program expands. They reveal how the best leaders and teams develop, spread, and instill the right mindsets in their people-- rather than ruining or watering down the very things that have fueled successful growth in the past. They unpack the principles that help to cascade excellence throughout an organization, as well as show how to eliminate destructive beliefs and behaviors that will hold them back. *Scaling Up Excellence* is the first major business book devoted to this universal and vexing challenge and it is destined to become the standard bearer in the field.

*Market Forces* Penguin

John Wilder is in his mid-thirties, a successful salesman with a place in the country, an adoring wife and a ten-year-old son. But something is wrong. His family no longer interests him, his infidelities are leading him nowhere and he has begun to drink too much. Then one night, something inside John snaps and he calls his wife to tell her that he isn't coming home...

*Grit in Your Crow* Random House Australia

"Makes a provocative case that you should put customers second, close open offices, and ditch performance appraisals."—Adam Grant, best-selling author of *Originals*  
"Under New Management is a lively, provocative must-read."—Whitney Johnson, author of *Disrupt Yourself*. Why accepted management practices don't work—and how innovative companies are changing the rules Should your employees know each other's salaries? Is your vacation policy harming productivity? Does your hiring process undermine your team? David Burkus argues that the traditional management playbook is full of outdated, counterproductive practices, and he reveals how the alternative management revolution has already started at companies like Netflix, Zappos, Google, and others. Burkus investigates behind their office doors to show how these companies are reevaluating and reinventing the most basic management principles, like hiring, firing, vacation policy, and even office floor plan, and enhancing their business's success as a result. "Is your company ready for a radical departure from twentieth-century management standards? David Burkus has collected the stories of dozens of companies that are standing the old rules on their heads. Even better, Burkus shows how you can do it, too."—Daniel H. Pink, best-selling author of *Drive* and *To Sell Is Human* ? "If you are going to read one book on being a better manager in the next year, start here. David Burkus has assembled the most practical research and provocative ideas into an incredibly

quick read.”—Tom Rath, best-selling author of *StrengthsFinder 2.0*

*How to Make a Spaceship* Random House  
Peopled by larger-than-life heroes and villains, charged with towering questions of good and evil, *Atlas Shrugged* is Ayn Rand’s magnum opus: a philosophical revolution told in the form of an action thriller—nominated as one of America’s best-loved novels by PBS’s *The Great American Read*. Who is John Galt? When he says that he will stop the motor of the world, is he a destroyer or a liberator? Why does he have to fight his battles not against his enemies but against those who need him most? Why does he fight his hardest battle against the woman he loves? You will know the answer to these questions when you discover the reason behind the baffling events that play havoc with the lives of the amazing men and women in this book. You will discover why a productive genius becomes a worthless playboy...why a great steel industrialist is working for his own destruction...why a composer gives up his career on the night of his triumph...why a beautiful woman who runs a transcontinental railroad falls in love with the man she has sworn to kill. *Atlas Shrugged*, a modern classic and Rand’s most extensive statement of Objectivism—her groundbreaking philosophy—offers the reader the spectacle of human greatness, depicted with all the poetry and power of one of the twentieth century’s leading artists.

*Edge of Darkness* Penguin  
Set in the future when “firemen” burn books forbidden by the totalitarian “brave new world” regime.

*Screw It, Let's Do It* Penguin  
Sir Richard Branson’s amazing memoir is now updated to include the effect on the Virgin Group of 11 September, his views on the war in Iraq, the rise of Virgin Blue and the flotation of Virgin Mobile. Discover how Virgin is moving into the US domestic flight market and why he set up the charitable body “Virgin Unite”. As ever, his thirst for challenge is unquenched. Sir Richard reveals the thrills of the world record attempt with the Virgin Atlantic Global Flyer and taking Virgin to the final frontier as Virgin Galactic are poised for a new era of commercial space travel. Compelling. Brilliant. Revealing. Funny. Inspirational. Extraordinary. Revealing Sir Richard’s unique story, his personal philosophy on life, the Virgin brand and business *Losing My Virginity* is an autobiography without equal.

**Total Focus** Shortcut Edition  
All that we achieve and all that we fail to achieve is the direct result of our own thoughts. “Self-control is strength. Right

thought is mastery. Calmness is power. ” — James Allen, *As a Man Thinketh* “As a Man Thinketh” is a literary essay by James Allen, first published in 1902. In more than a century it has become an inspirational classic, selling millions of copies worldwide and bringing faith, inspiration, and self healing to all who have encountered it. The title comes from the Bible: “As a man thinketh in his heart, so is he.” -- Proverbs, chapter 23, verse 7. As himself Allen describes, “It shows how, in his own thought-world, each man holds the key to every condition, good or bad, that enters into his life, and that, by working patiently and intelligently upon his thoughts, he may remake his life, and transform his circumstances. ...and it can be carried in the pocket.” Too many mortals strive to improve only their worldly position--and too few seek spiritual betterment. Such is the problem James Allen faced in his own time. The ideas he found in his inner-most heart after great searching guided him as they will guide you. A True Classic that Belongs on Every Bookshelf!

*Built to Sell* Penguin  
Returning to her tiny Montana hometown where jaded locals refuse to let her make amends, Rachel Flood, who left behind a trail of chaos, discovers herself and receives assistance from a local boy in her efforts to correct past mistakes.

*The Virgin Way* Simon and Schuster  
Richard Branson is an iconic businessman. In *Screw It, Let's Do It*, he shares the secrets of his success and the invaluable lessons he has learned over the course of his remarkable career. As the world struggles with the twin problems of global recession and climate change, Richard explains why it is up to big companies like Virgin to lead the way in finding a more holistic and environmentally friendly approach to business. He also looks to the future and shares his plans for taking his business and his ideas to the next level. Richard reveals the new and exciting areas into which Virgin is currently moving, including biofuels and space travel, and brings together all the important lessons, good advice and inspirational adages that have helped him along the road to success. This is a fantastic motivational business book that will help every reader achieve their own dreams.

This is a fantastic motivational book that will help every reader achieve their own dreams.

*Love Is the Killer App* Four Elephants Press  
Warren Buffett built Berkshire Hathaway into something remarkable— and *Fortune* journalist Carol Loomis had a front-row seat for it all. When Carol Loomis first mentioned a little-known Omaha hedge fund manager in a 1966 *Fortune* article, she didn’t dream that Warren Buffett would one day be considered the world’s greatest investor—nor that she and Buffett would quickly become close personal friends. As Buffett’s fortune and reputation grew over time, Loomis used her unique insight into Buffett’s thinking to chronicle his work for *Fortune*, writing and proposing scores of stories that tracked his many accomplishments—and also his occasional mistakes. Now Loomis has collected and updated the best Buffett articles *Fortune* published between 1966 and 2012, including thirteen cover stories and a dozen pieces authored by Buffett himself. Loomis has provided commentary about each major article that supplies context and her own informed point of view. Readers will gain fresh insights into Buffett’s investment strategies and his thinking on management, philanthropy, public policy, and even parenting. Some of the highlights include: The 1966 A. W. Jones story in which *Fortune* first mentioned Buffett. The first piece Buffett wrote for the magazine, 1977’s “How Inflation Swindles the Equity Investor.” Andrew Tobias’s 1983 article “Letters from Chairman Buffett,” the first review of his Berkshire Hathaway shareholder letters. Buffett’s stunningly prescient 2003 piece about derivatives, “Avoiding a Mega-Catastrophe.” His unconventional thoughts on inheritance and philanthropy, including his intention to leave his kids “enough money so they would feel they could do anything, but not so much that they could do nothing.” Bill Gates’s 1996 article describing his early impressions of Buffett as they struck up their close friendship. Scores of Buffett books have been written, but none can claim this work’s combination of trust between two friends,

the writer's deep understanding of Buffett's world, and a very long-term perspective.

*What the CEO Wants You to Know*

Throughout my life I have achieved many remarkable things. In *Screw It, Let's Do It*, I will share with you my ideas and the secrets of my success, but not simply because I hope they'll help you achieve your individual goals. Today we are increasingly aware of the effects of our actions on the environment, and I strongly believe that we each have a responsibility, as individuals and organisations, to do no harm. I will draw on *Gaia Capitalism* to explain why we need to take stock of how we may be damaging the environment, and why it is up to big companies like Virgin to lead the way in a more holistic approach to business. In *Screw It, Let's Do It* I'll be looking forwards to the future. A lot has changed since I founded Virgin in 1968, and I'll explain how I intend to take my business and my ideas to the next level and the new and exciting areas - such as launching Virgin Fuels - into which Virgin is currently moving. But I have also brought together all the important lessons, good advice and inspirational adages that have helped me along the road to success. Ironically, I have never been one to do things by the book, but I have been inspired and influenced by many remarkable people. I hope that you too might find a little inspiration between these pages.

"Can we bring more meaning to our lives and help change the world at the same time? Richard Branson, at his brilliant and motivating best, reveals how with his exciting new vision for the future. It is time to turn capitalism upside down - to shift our values, to switch from a just profit focus to caring for people, communities and the planet. "Screw business as usual" shows how easy it is for both businesses and individuals to embark on a whole new way of doing things, solving major problems and turning our work into something we both love and are proud of." -- Back cover.

**Fahrenheit 451** Penguin

One of the world's most famous business leaders (and a well-known avian fanatic) explores the pioneers of flight. Bestselling author and billionaire entrepreneur Sir

Richard Branson has always been obsessed with the skies. To promote a new Virgin Airlines route, he became the first man to water ski behind a blimp. His Virgin Galactic venture will soon offer ordinary people the opportunity to experience spaceflight aboard the first commercial spaceliner, SpaceShipTwo. In *Reach for the Skies*, Branson examines the history of aviation over the last two hundred years, putting the spotlight on trailblazers such as: \*Tony Jannus, who made the first ever commercial flight over Tampa Bay, Florida, in 1914. \*Leo Valentin, the "bird man" who jumped from 9,000 feet wearing a pair of wooden wings in the 1950s. \*Steve Fossett, who broke 130 world records in planes, balloons, and airships. The pioneers of flight-not just the world-famous Wright Brothers, but also lesser known visionaries and dreamers-made it possible for any of us with the desire and the commitment to reach for the skies ourselves.

**Lying** Simon and Schuster

Young serial entrepreneur Scott Gerber is not the product of a wealthy family or storied entrepreneurial heritage. Nor is he the outcome of a traditional business school education or a corporate executive turned entrepreneur. Rather, he is a hard-working, self-taught 26-year-old hustler, rainmaker, and bootstrapper who has survived and thrived despite never having held the proverbial "real" job. In *Never Get a "Real" Job: How to Dump Your Boss, Build a Business, and Not Go Broke*, Gerber challenges the social conventions behind the "real" job and empowers young people to take control of their lives and dump their nine-to-fives—or their quest to attain them. Drawing upon case studies, experiences, and observations, Scott dissects failures, shares hard-learned lessons, and presents practical, affordable, and systematic action steps to building, managing, and marketing a successful business on a shoestring budget. The proven, no-b.s. methodology presented in *Never Get a "Real" Job* teaches unemployed and underemployed Gen-Yers, aspiring small business owners, students, and recent college graduates how to quit 9-to-5s, become their own bosses, and achieve financial independence.
